PROVINCIAL COURT OF MANITOBA
(WINNIPEG CENTRE)

RE: ADDITIONAL ADULT TRIAL DAYS ADDED TO THE COURT'S WEBSITE

The Provincial Court engages in an ongoing assessment of how to best use our existing resources most efficiently to address the need for access to court time. There is considerable delay in the trial dates available for adult multi-day matters. We have also noticed a declining number of youth court matters and a commensurate decline in the court time needed to deal with youth matters in a timely way. We have therefore, re-purposed a youth court trial date to adult trial days for the next six months. These additional dates have been added to the Court's website. We will continue to monitor whether this is the most effective use of our resources and assess this re-alignment on an ongoing basis.
