

**NOTICE**

**PROVINCIAL COURT OF MANITOBA**

**RE: CASE MANAGEMENT**

This is to confirm that, on occasion, a Provincial Court judge may order a matter to be set for a case management hearing. The case management hearing is, in effect, a pre-trial that will occur prior to a trial or preliminary hearing date being set. Counsel will be expected to attend Provincial Court chambers in Winnipeg to meet with the case management judge for the purpose of reviewing the matter in depth. Included in the discussions will be consideration of the length of time that is necessary for the matter to be heard and discussion on what dates might be suitable to the Court.

It is expected that counsel will attend these hearings fully prepared to discuss the case.
